FOR DIGITAL CAMPAIGNS

OUR OBJECTIVE IS TO ASSIST EDUCATIONAL INSTITUTIONS IN ACHIEVING ACADEMIC EXCELLENCE THROUGH STRUCTURED DOCUMENTATION, QUALITY ASSURANCE, AND ACCREDITATION COMPLIANCE. WE PROVIDE END-TO-END CONSULTANCY SUPPORT FOR INSPECTIONS TO ENSURE LONG-TERM INSTITUTIONAL GROWTH AND RECOGNITION."

# ABOUT SHREE AGENCY

"Our consultancy is committed to empowering colleges and technical institutions in improving their academic quality, operational efficiency, and regulatory compliance. We offer end-to-end support for accreditation processes such as NAAC, NBA, NIRF, and other statutory bodies like AICTE, PCI, and UGC. Our services include setting up and strengthening the Internal Quality Assurance Cell (IQAC), guiding in the preparation of Self Study Reports (SSR), Annual Quality Assurance Reports (AQAR), and other essential documentation.

We assist institutions in creating proper policy documents (like research, green campus, feedback, grievance redressal, and faculty appraisal systems), and help develop systems for internal academic and administrative audits. We also support the institute in digital documentation management (Google Drive-based or ERP-based systems), data validation processes (DVB), and mock inspections to ensure readiness.

In addition, we conduct training sessions and workshops for faculty, IQAC members, and staff to build internal capacity and awareness about quality benchmarks. Our goal is to simplify the accreditation journey and help institutions achieve long-term excellence, visibility, and recognition in the education sector."

Dedicated academic professional with hands-on experience in institutional accreditation, Internal Quality Assurance Cell (IQAC) coordination, and strategic academic development. I specialize in guiding higher education institutions through NAAC, NBA, and other regulatory frameworks to enhance academic quality, compliance, and institutional excellence.

Over the years, I have actively contributed to policy formulation, documentation, and quality benchmarking processes that align with national accreditation standards. My consultancy work focuses on establishing and strengthening IQAC practices, preparing SSR/SAR reports, and ensuring readiness for academic inspections.

With a passion for quality-driven education, I support institutions in fostering a culture of continuous improvement, outcome-based education (OBE), and stakeholder engagement. Open to consultancy projects, academic audits, and collaborative initiatives aimed at quality enhancement and institutional growth.
